Our passion for Italian Food

It all began during Pat's initial trip to Italy!

In 2006, while visiting his relatives in Sicily in a quaint town called Ganzirri. Pat McKenna had his first taste of Arancini, and it was love at first bite. Inspired, he decided to introduce Arancini to the United States.

Upon returning from Sicily, Pat dived into researching Arancini manufacturers in the US, only to discover no one was producing them. In November 2007, with his family's support, Pat McKenna established Taste of Italy MFG in Mullica Hill, NJ.

Today, the Taste of Italy brand is widely recognized in the food industry as a Frozen Italian Specialty Appetizer Company specializing in using fresh, high-quality ingredients and offering unique products. Our facility is USDA and SQF certified.

Unquestionably, Arancini is Taste of Italy's best-selling item!

CEO of Taste of Italy Pat McKenna and his team of Master Pastry Chefs are proud to introduce our new sweet line of frozen desserts. With great continued passion we never stop trying new recipes and developing new delicious products.

You can be sure you will receive quality product for your customers and it will taste homemade!

Biscotti

Biscotti is a classic Italian cookie that is served in every Italian restaurant alongside a cup of espresso. The tradition goes all the way back to Columbus' days when sailors would snack on biscotti as they were mold-resistant and had a long shelf life. This is because the cookies are double-baked, which results in them becoming dry and crunchy. Our biscotti is equally delightful, crunchy enough to savor, yet gentle on your teeth!
